WOMEN'S SECRETS.

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over thirty years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, and the honor paid him by the profession as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. Every woman's letter which contains her secret remains her secret. It is read in private, answered in private, and its contents guarded as a sacred confidence. That no third party should enter into this secret, all replies are mailed, sealed in perfectly plain envelopes, with out any writing or advertising whatever upon them. Write without fear as without fee, to Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription makes Weak Women Strong and Sick Women Well.

Write to Dr. R. V. Pierce, Buffalo, N. Y. for a free copy of his book, "The Weak and Sick Woman," which will tell you all you need to know about your own condition. It is a book of secrets, and it is a book of life. It is a book that will tell you all you need to know about your own condition. It is a book that will tell you all you need to know about your own condition. It is a book that will tell you all you need to know about your own condition.

MASONRY AND GOOD CITIZENSHIP.

A remarkable discussion is going on in Omaha between a number of thirty-third degree Masons concerning the obligation the order imposes to protect members in cases of threatened arrest and prosecution. The discussion grows out of the School Board scandal and the arrest of members charged with accepting bribes. A member of the board named Haywood employed detectives to catch the members he suspected of crookedness. The Rev. T. J. Mackey, pastor of All Saints Church and a thirty-third degree Mason, delivered from his pulpit a denunciation of Haywood, saying that as a brother Mason it was his sacred obligation to warn the Masons who were about to be tempted by the detectives.

Edward Rosewater, editor of the Omaha Bee and also a 33rd degree Mason, comes to the support of Haywood in an editorial declaring that as a good Mason Haywood did the only thing possible, and denying that the Masonic order imposes any obligation contrary to the law of the land. Among other things the editorial says: "Mr. Mackey may be high up in Masonry, but he has a very crude conception of the obligations it imposes. Masonry does not absolve men from their stern duties as citizens. The duty of the citizen to the public is higher than his duty to the individual. The oath which Mr. Haywood took as member of the Board of Education made it his paramount duty to protect the public schools against corrupt machinations, either inside or outside of the board, regardless of creed or secret society relations. It is one thing to practice brotherly charity and another to discharge a sworn duty. If Mr. Haywood had discovered that Cowie was being lured to dissipation and debauchery by bad companions it would have been his duty as a brother Mason, and as a man, to warn him and to endeavor to turn him back to the right path, but that would have been criminal collusion for him to have given him a tip to keep out of the way of the detectives. That would have been simply shielding him in his criminal practices and would have left Mr. Haywood on the same footing."

EARLY BLOW AT RUSSIA.

A dispatch from London says: The unusual haste shown at the shipyards where the Japanese battleships are building is taken as an indication that the island kingdom is contemplating striking an early blow at Russia. The sailing Saturday of the Shishima for Tokyo via the Suez canal is taken as added evidence that the Japanese are anxious to strengthen themselves as much as possible at once.

The sailing of the vessel was ordered some time ago, but the attempt to reach home through the canal makes it clear that rush orders have been received, for no ship of this size has ever used that waterway, and the removal of a portion of the armament may be necessary to get the Shishima through.

It is regarded here as possible that Japan's hands may be forced before her plans are completed. Two powerful war vessels, built for Japan on the Clyde, will soon be ready to sail, while others are under course of rapid construction. Their strength has not attracted much attention, but their importance as international factors can be judged from a statement by one of England's greatest shipbuilders, who declared the vessel building for Japan were the most powerful in the world and could destroy the best British ship in fifteen minutes.

A well-known naval expert says if Japan puts in commission the ships scheduled for service in the near future, she will be ready for war within six months and can then defy Russia, and as the Japanese and Russian ships are present in the Far East compare, Japan's fleet would have an excellent chance of controlling the situation.

The St. Petersburg Herald publishes a pointed article discussing the recent experimental transfer of Russian troops to Kuch and says: "Russia is obliged to take precautionary measures, owing to the disturbance of the balance of power in consequence of recent events. It is unjust, therefore, to blame Russia if she is making preparations regarding the long strip between Persia and Afghanistan."

He Only Repents What Has Been Said Around The World.

It has been demonstrated repeatedly in every State in the Union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher, of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by all druggists.

story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she was wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, rundown people. Every bottle guaranteed. Only 50 cents. Sold by E. S. Leadbeater & Sons' Drug Store.

AUGUST FLOWER.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at the drug stores of Ernest L. Allen, Claud M. Lennon, Warfield & Hall, Charles G. Lennon, W. F. Creighton & Co., and Richard Gibson.

ANNOUNCEMENT.

Cream Balm is quickly absorbed by the membrane and does not dry up the secretions, but changes them to a natural and healthy character. Ely Brothers, 66 Water Street, N. Y.

In closing out our business career in Alexandria we would be ungrateful indeed did we fail to appreciate and acknowledge our appreciation of the very substantial encouragement we have always received in our business efforts from the people of Alexandria and surrounding country. We therefore take this method of thanking our many friends and business acquaintances for their very generous patronage for the past fifteen years. Our successors are Messrs. Swan & Bro., who, while they hail from Waynesboro', Va., have for the past ten years been engaged in the mercantile business in our sister, Washington, where they now have two fine stores. Backed, as they are, by plenty of capital and possessing, as they do, those qualifications which are equally important to attain business success—industry, energy and courtesy—I predict for them a grand success, and will be more than pleased if our friends and customers will encourage them, as they have us, with a very generous support. The business will be conducted as it has been heretofore—close prices and always excellent values. Satisfaction guaranteed in every transaction. Strictly one price and that price the lowest. The new firm will give special attention to their Men's Furnishing Department, and will carry a much larger and finer line than has ever been carried in our town. The general stock will also be large and embrace many new and attractive innovations which I feel assured will be appreciated by our people.
